

# A BETTER EXPERIENCE

COAST SOCCER LEAGUE (CSL) IS INVITING YOU TO JOIN THE BEST LEAGUE IN SOUTHERN CALIFORNIA FOR THE FALL 2021 SEASON.

For the past forty plus years CSL has been delivering the best competitive youth soccer experience in Southern California – many have said in the US. Beginning today CSL is inviting teams throughout San Diego the opportunity to experience the CSL difference.

**Find The Level Of Play That's Right For You:** CSL led the country when the league adopted promotion and relegation. This system allows every team to find the right level of play and as Pep Guardiola said "it's not sport if the result doesn't matter."

**A Better Experience:** CSL is the leader in the use of technology to make soccer more enjoyable for everyone. Your coaches, players and families will love having all the information they need in the palm of their hand. In today's busy world information is critical.

**You Have A Voice:** Yes we will actually listen to you. Whether through our app, website, email response or via the phone, CSL listens to our member feedback and is the leader in responding to each member inquiry. In fact the launch of CSL San Diego is in response to requests from clubs, coaches and families throughout San Diego.

**Better Programming:** No matter what level of the game you play CSL is committed to making your "game day" experience the best. Our competitive structure and player pathways offer every team the opportunity to find the experience that is right for them.

**Unique Programs:** CSL has created a unique suite of programs that ensure the game day experience is more enjoyable for everyone and our 5 Star rating system highlights those teams and referees rated best by their peers.

So whether you're a team just entering the competitive league experience, or an elite team looking to compete at the highest levels, Coast Soccer League has the right experience for you. We look forward to having you be part of Southern California's number one league.
