# SPORT SESSION PLANNER

**C**oast is always looking for ways to improve the soccer experience for our members beyond the playing experience at the fields. In last months Premier Magazine we discussed our Player Of the Month initiative, and the positive impact it can have on teams, coaches and players. This month we highlight our partnership with Sport Session Planner and how we plan on supporting the coaches within CSL.

## The modern coaching tool for your team - built for coaches, by coaches.

Sport Session Planner is a leading sports software company, based in the UK, with sales offices located throughout the world. Formed in 2011 by sports coaches and world class IT specialists, with over 20 years experience, they have grown to be recognized as one of the worlds leading sports software providers, with thousands of users around the globe.

Top teams and coaching academies in both Europe and the United States are utilizing these tools - including Liverpool, Roma, Bayern Leverkusen and many more!

SSP offers state of the art 3D session planning software which coaches can use to create your own drills and showcase new tactics. Coaches can generate quick practice session plans with outstanding visuals. The software also allows coaches the opportunity to search a library of session plans to extend their knowledge of coaching and view sessions created by some of the world's top professional Coaches.

Trusted by the World's leading clubs and associations

***"Sport Session Planner's technology is a great added value to the CSL membership. Their unique coaching tools make it easier for our coaches to plan, execute and succeed both on and off the field. We're a big believer in the product and look forward to introducing it and communicating its benefits to the coaches in CSL Premier." - Bernie Towers, CSL President***

While SSP has partnered with Clubs and Academies in the United States, this is the first partnership with a League. To launch the partnership CSL is offering all coaches in CSL Premier with a FREE subscription to the software! We will then look to provide access to more coaches within the league as a reward for their hard work and dedication.

We are excited to announce this partnership to you, and will have more information for our Premier Coaches in the coming weeks.

# NITEMARES SC

## BOYS 2010

The Nitemares Soccer Club (NSC) was established in 1982 in Chino, California. The goal of this club was and continues to be aimed to help the youth soccer players in our program to develop as players and as individuals and to reach their fullest potential in the sport.

NSC is a club that offers year-round play in fall and spring leagues as well as during the winter and summer tournament seasons. Our coaches are dedicated to the players and the community, celebrating the beautiful game and encouraging individual development, team cohesion, and the love of the sport.

Our NSC 2010 boys (Nitemares Dbeastmode) is led by coach Sy Borithane. They have been playing together for more than six years, starting out as a signature team and working their way up to the premier level this year in the 2024 fall season. They have successfully competed at the highest level and won numerous tournaments. This past year they finished second in the President Division of State Cup and were promoted to the premier league and are undefeated so far this season.

NSC boys 2010 are lucky to have a motivated team of players and a phenomenal group of supportive parents. Additionally, our club administrators have dedicated their entire lives to the players, families, volunteers, and coaches who love this sport. We are grateful for the family atmosphere and focus on player development that have been established by the club from the beginning.

Now in the CSL Premier League, our team is excited for the challenge of playing among the toughest competition in our region. See you all on the field!

# XPLOSION SC

## BOYS 2009

Xplosion SC B09 started our long journey in the Fall of 2017. We are now in our 7th season in Coast Soccer League, finally reaching the summit by competing in CSL Premier. During the years, we've faced and overcome many adversaries, and every single one of them has helped us get to this spot. Our team has competed in tournaments all over the nation. Some of those cities include: Tampa Bay, Florida, Las Vegas, Nevada and Phoenix, Arizona. We have many talented hard-working players, with many making ODP teams throughout the years, and some on trial in Mexico.

This year Xplosion SC B09 has competed in high level tournaments such as Club America Cup, Man City Cup and Copa Rayados. We are looking to compete at the highest of levels, and secure a spot in the regional league and championships. Thank you to all the parents, family members, sponsors and anyone else that have supported the team throughout the years.

# ANAHUAK LA FAMILIA

## BOYS 2006

The 2006 La Familia team is excited to be competing once again in the Premier division. These boys have been consistently working hard. As the name implies, La Familia Soccer is a soccer family. 2020 marked the beginning of competitive play for our team. Our goal at La Familia Soccer continues to be to develop responsible, resilient and productive young athletes.

Competitive play has allowed us to travel to tournaments outside our local community and broaden the horizons of these young athletes by allowing them to experience life outside of what they know locally through sports. As previously mentioned, our humble beginnings included playing with a few original team members at local parks, and throughout the years, finding more competitive leagues. The goal was to develop players and keep them busy and active.

The need for higher competition led La Familia to join CSL. We moved quietly and swiftly from our initial Covid debut in 2020 at the Bronze level to now the Premier League since last Fall 2023. Our coaching staff has dedicated their time day in and out to prepare for practices, games and tournaments. We continue to stand together and stand by our program; small, consistent, evolving. Developing our young athletes into resilient, reliable and responsible young adults is and will continue to be our Familia goal. Shout out to starting this season as NPC Champions and to many more endeavors to come!

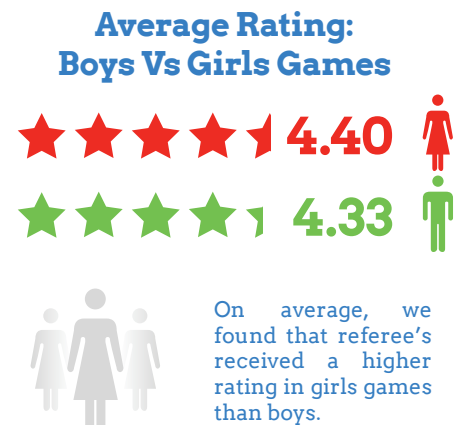

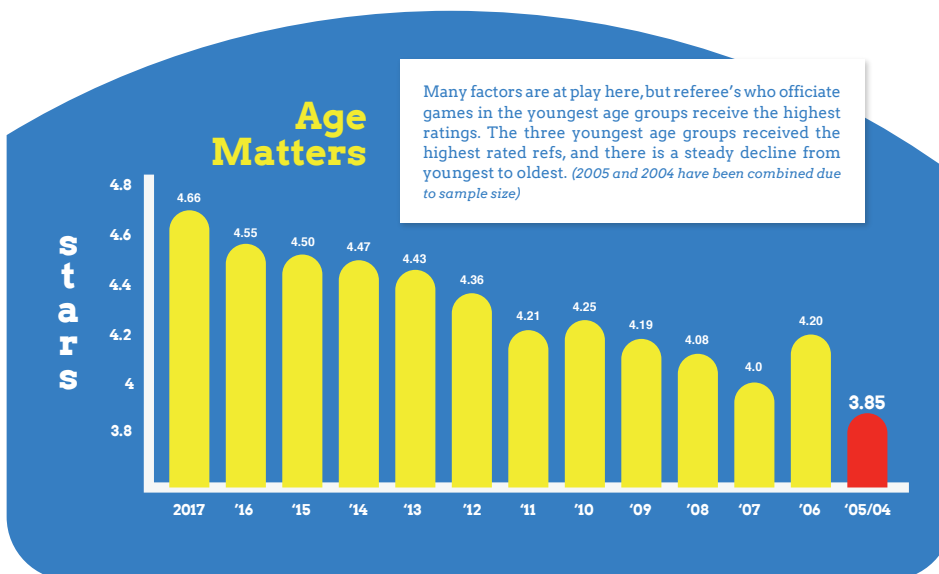

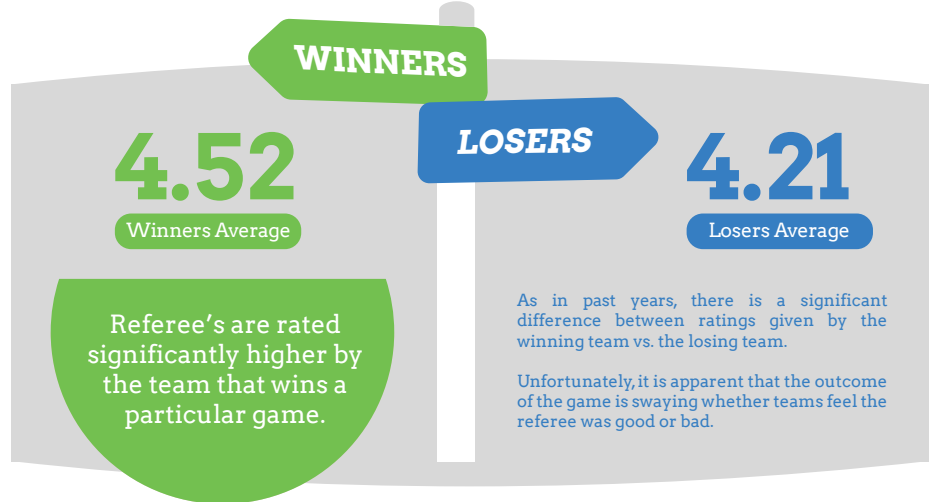

# CSL REFEREE RATINGS

You could argue that we treat other people more kindly than when we treat ourselves. However, in many cases this seems to go out the window when it comes to youth sports referee's.

That is why CSL asks the teams involved in each game to rate their referee, and more importantly, the referees rate each team after the game based on their coach, player and sideline behavior. The goal is to improve the experience for all participants involved, and provide feedback to those teams or referees who are receiving low star ratings. Teams who receive low ratings are contacted by the league and asked to improve their behavior.

You can view a full reports on the CSL website, but we thought our readers might enjoy a quick look at some of the statistics from the Fall 2023 season.

As you can see by analyzing the report that the Premier level games are some of the toughest to referee. In response both the Referee Associations and CSL make a concerted effort to always send the most experienced and highly rated referees to Premier games. The age divisions of Premier in combination with the competitive nature of the league creates an intense environment, but let's be more supportive and thank our referees,

# OCEANSIDE BREAKERS

## GIRLS 2010

Oceanside Breakers G2010 Black team has had an outstanding preseason, proving themselves as a formidable team by clinching multiple tournament victories and earning spots in several prestigious college showcases. They are extremely excited to be able to bring our club back to competing in Coast League Premier.

This talented group of athletes continues to grow stronger as a group, demonstrating exceptional teamwork, resilience, and a relentless drive for growth. Each player is making tremendous strides, in developing good training habits, individual skills and game intelligence, all while pushing the team to new heights. As we look ahead, the momentum from our accomplishments fuels our ambition, and we remain focused on pushing boundaries and reaching our full potential. Go Breakers!!!

# MAGNUS FC

## GIRLS 2010

Magnus FC, established in 2014, is a club dedicated to developing talent from within rather than recruiting it. The Girls 2010 (G2010) team is composed of players who have risen from recreational soccer and lower-level competitive teams, exemplifying the club's focus on growth and development. MFC emphasizes three core principles: respect for the game, high-quality play, and striving for success in all competitions.

In 2023/24, the G2010 team distinguished itself by winning the National Cup, CRL Championship, League Championship, and League Cup. These victories reflect the players' dedication and the club's structured approach to development. However, Magnus FC remains grounded in its belief that success is measured not only by results but by the commitment to its values.

The name Magnus, meaning "greatness," reflects the club's mission to foster players' full potential, both as athletes and individuals. Magnus FC provides a professional, supportive environment where players can excel while maintaining humility and respect for the sport.

# RIVERSIDE MGFM

## GIRLS 2009

Riverside MGFM Lady Spartans was created in 2019 and have built their way up since then. These girls started as little kids learning soccer, but have grown into passionate, smart, talented, and dedicated athletes. Our assistant Coach Jose, as well as our players Alexis Martinez, Viviana Martinez, and Olivia Glace have been with this team since the beginning. We commend their dedication.

With leadership and support from Coach Sammy, our girls are continuously setting and reaching new goals. Coach Sammy took over this team in 2023 and since then we have competed and placed in several tournaments, including multiple out of state. Our players love to travel, meet new teams and face high levels of competition.

Our team is focused on creating an environment where players feel supported both on and off the field. We understand that mental strength is just as important as physical which is why we focus on making everyone feel valued. The team has a bond that goes beyond soccer; it extends into our families. With team bonding activities, we want to remind the girls that there is life beyond the soccer field and we can connect in many other ways. It has always been important that everyone feels welcome.

We cannot begin to express how proud we are of our Lady Spartans for stepping into a new level of competition and allowing us to push them closer to their goals. We applaud their effort, desire to learn, and the way they stick together as a team throughout this process.

We want to thank the parents for their time and support; it is very appreciated. We are looking forward to our first season in Premier and are excited to see the growth it brings to the team.

# WEST TORRANCE SOCCER ACADEMY REBELS

## GIRLS 2009

This amazing group of girls is aptly named the “Rebels” as they have defied established norms and chosen the “path less traveled” on their soccer journey. The youth soccer landscape is a confusing marketplace of league acronyms with each Club and League selling the idea that their acronym offers the best opportunity to be seen by college scouts and obtain a college scholarship through their various “Showcase” events. Instead of getting caught up in all the slick marketing and choosing a brand or a name, this group of Rebels have chosen each other and for this particular group that choice to stay together and grow as a team has made all the difference.

In order to protect their interests, too many Clubs are moving to a closed league format where entrance is gained more by the size of the Club and the willingness of parents to pay high fees for their kids to play Club soccer than actual performance on the field. The Rebels believe this closed system devalues competition which ultimately slows development as true competition motivates everyone to improve.

For this reason, the Rebels are honored once again to be a part of CSL competing at the Premier level. We are very grateful to the leadership of CSL which rewards teams based on their performance and promotes an open format versus a closed league structure. The Rebels believe CSL is at the top of its class when it comes to league governance and we would not be where we are today without the ability to compete in such an awesome league like CSL against top tier teams who have earned their place in the Premier division.

We wish all teams in CSL the best this season and are looking forward to once again competing on the pitch.

# EDA

## GIRLS 2008

Going into our fourth year at the Premier level led by US National Team and Liga MX player, Michael Orozco, we have come to understand that for EDA, soccer is more than just a game; it's a passion, a community, and a platform for teamwork and personal growth. This team embodies all of these elements, showcasing not only exceptional skill on the field but also a remarkable sense of camaraderie and dedication. Through our achievements, our teamwork, and our unwavering spirit, we exemplify what it means to be a great soccer team.

Each player brings unique talents that contribute to our overall performance, and our ability to bounce back and learn from our experiences is a vital part of our team culture. Moreover, we pride ourselves on our sportsmanship. Respect for our opponents, referees, and the game itself is a core value that we uphold. We believe that winning is important, but how we conduct ourselves while playing is equally crucial.

Playing in the 2006 bracket with a 2008/2009 team, we are a younger team and will continue to grow and strive for excellence, and we do so with the knowledge that our journey is about more than just winning—it's about developing ourselves, supporting each other, and making a positive impact in the world around us, and that is what makes us a great soccer team.
